About Us

COMPANY INTRODUCTION

JH Tactical Security Solutions is not your average security service provider.

We strive to provide a special, personal service to our clients with a professional touch.

Despite the highly competitive market in which we compete, we have worked our way through the ranks and are humbled by the growth attained over the years since our establishment.

We are indeed proud to stand tall when measured against the industry giants.

Our uncompromising approach towards customer satisfaction and quality service delivery, is our road to success.

We have worked our way into succeeding in this industry through our core values.

About Us

ABOUT US

JH Tactical Security Solutions is a private security service provider operating nationally with its head office based in Vanderbijlpark. We operate with a transparent mindset and with integrity, we do not overcommit to unachievable promises.

WHY US?

As your partner in safety and security, our business is to deliver quality and effective risk management solutions to our clients.

We build relationships not only with our clients, but with our most valuable assets, our employees. We develop them to feel valued and in return, our clients receive an unmatched service delivery from them. We will serve you, our client without prejudice and will extend your professional image during our engagement with you.

About Us

What sets us apart from our competitors?

- Direct interaction with our management team including the Managing Director.
- A well-established working relationship between our director and other stakeholders including the DPCI(HAWKS), SAPS and the Department of Justice and Constitutional Development.
- Well vetted and professionally trained private law enforcement officers.
- Operational planning and execution from a well-structured management team.
- Our inflexible approach to our quality of service and client's satisfaction.
- Support and intervention from our Special Operations Team.

Training & Vetting

Training & Vetting

All our security officers are thoroughly vetted, and after a successful interview, they are subjected to a Criteria Basic Skills Test (CBST). This test measures basic grammar, spelling, math and language skills. This test determines: job readiness, training ability, learning ability.

During deployment they will receive further training in the following

Basic First aid Level 1, Legal aspects on arrest and procedure, self-defense and other operational requirements.
